EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alfred Froebrich on 12/2/2010.

The application has been amended as follows:

Claim 22 is cancelled.

In **Claims 7 and 18-21**: On **line 1** of each of these claims, **DELETE** "the" which appears at the end of line 1 after "wherein".

In **Claims 7 and 18-21**: On **line 5** of each of these claims, **DELETE** "the" which appears after "whereupon".

Allowable Subject Matter

2. **Claims 1-5, 7-13 and 18-21 are allowed.**

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record, **Heglund (WO 01/36750)**, discloses a method for production of masts comprising extruded bodies and formed with a general cross section area which comprises at least three mast elements joined in the corner by means interacting rail sections and channel sections (Fig. 9B; Page 7, lines 30-40). However, Heglund does not disclose inwardly tapered wall sections or moving, in a substantially continuous motion, a roller type tool in longitudinal direction of and on the

exterior of the channel section, the roller type tool having rollers arranged on opposing sides of the channel section and outwardly projecting knobs to be pressed onto the joint wherein the knobs form spot strengthened areas on both opposing sides of the joint. The prior art of record does not disclose nor render obvious the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
